## Objective

Bachelor of Computer Applications and Data Science with hands-on experience through internships and personal projects. Adept at working with various technologies and methodologies, and highly proficient in Python, SQL, and Tableau. Known for strong analytical skills, problem-solving abilities, and a passion for leveraging data to drive decision-making. Proven ability to work effectively in team environments and eager to contribute to impactful projects in the technology sector.

## Education

**Bachelor of Computer Applications**

Bangalore University, Bengaluru, India                                                                          *Expected: 2024*
- Relevant coursework: Data Science

## Work Experience

**Intern**

**EY Global Delivery Services, AICTE Internship**                                                        *Feb 2024 – Apr 2024*
- Developed a data analysis model boosting client efficiency by 70%.
- Performed data wrangling and visualization using SQL and Tableau.
- **Technologies Used:** Google Colab, SQL, Tableau

**IBM Cloud, AICTE Internship**                                                                                  *Feb 2024 – May 2024*
- Designed collaborative projects using IBM Cloud tools.
- Completed IBM SkillsBuild e-Learning curriculum and earned certifications.
- **Technologies Used:** IBM Cloud

## Skills

- **Programming Languages:** Python, HTML, SQL
- **Tools and Technologies:** Figma, Tableau, Power BI, Excel, Git, Jupyter Notebook, Spyder, Canva
- **Soft Skills:** Analytical Thinking, Problem-Solving, Team Collaboration

## Projects

**TEDxClaretCollege Website**                                                                             *St. Claret College, Bangalore*
- Built a responsive website using WordPress, WooCommerce, and Elementor for ticketing, visitor tracking, and exporting data in CSV/XLSX formats.
- Enhanced the event's digital experience with an intuitive design and functionality.

**Technovation 2K24 Website**                                                                            *St. Claret College, Bangalore*
- Developed a dynamic website for the college's inter-college competition, improving event management and user engagement.
- **Technologies Used:** WordPress, Elementor

## Certifications

**IBM SkillsBuild Certification**                                                                          *IBM SkillsBuild Platform*
- Focused on cloud computing, data analytics, and practical applications in data science.

**Edunet Foundation Certification**                                                                       *Edunet Foundation*
- Earned for successfully completing IBM Cloud-based projects and technical evaluations.

## Honors Awards

- **1st Place:** TEDx Website Development Competition                                              *St. Claret College, Bangalore*
- **1st Place:** Poster Making Competition                                                                  *R.R. Institute, Bangalore*
- **2nd Place:** Poster Presentation Competition                                                         *Surana College, Bangalore*

## Extracurricular Activities

- **National Social Service Volunteer**                                                                     *St. Claret College, Bangalore*
- Participated in social initiatives, fostering teamwork and community engagement.
